Dr. A K GHOSH

Outstanding Scientist &
Scientist / Engineer 'H'
Project Director (AMCA)

ADA/AMCA/30/54/2016

March 17, 2016

Subject: Letter of appreciation for the execution of project titled "Design and Development of Optical Air Data System (OADS) for AMCA"

The Optical Air Data System technology was being attempted for the first time in the country and we are happy to have collaborated with Gayathri Vidya Parishad in this effort. A prototype of an innovative optical air data system has been developed and tested in the wind tunnel.

We appreciate the interest and dedication that was shown throughout the project given the many challenges in developing an OADS prototype and also the fact that the project entailed several disciplines like photonics, fluid mechanics, wind-tunnel testing, etc.

We laud your efforts, express our sincere gratitude and look forward to working with you in the future.

Regards,

(A. K. Ghosh)
